

**Amendments to the Claims:**

15. (Currently Amended) A package of texturized glass strand comprising:  
a container having a removable closure; and  
a glass strand disposed in said container in a texturized, coiled form, wherein said glass strand can be withdrawn from said container for subsequent use when said closure is removed, wherein said glass strand has a density of 5 to 10 lbs/ft<sup>3</sup>.
16. (Currently Amended) The package of claim 15, wherein said glass strand has [[be]] the coiled form substantially along its length in said container.
17. (Previously Presented) The package of claim 16, wherein said glass strand is disposed in said container in a series of layers.
18. (Original) The package of claim 15, wherein said container is a corrugated box.
